2019 Classes and Meet the Teacher Information Session

Dear Parents / Caregivers,

Due to many new enrolments to Riverstone Public School this year, teachers and executive staff have spent the last 3 days ensuring that 2019 classes, students and teachers have been formulated based on student need and numbers in grades. Below is your child's 2019 class teacher and class name. Your child will begin in this class Monday 4th February. On the back of this note is a map of where the classroom is.

Please put aside time to meet your child's teacher at the annual Meet the Teacher afternoon that will be held on Monday 13th February. This information session will begin at 4.30pm and conclude at 5.30pm. If you are unable to attend this session, information about the class structure, units and programs will be sent home with your child on Tuesday 14th February. Just a reminder that this information session will not enable you to meet one on one with the teacher. If you have any concerns or require extra time talking to the teacher, please make an appointment to meet with them at a time convenient to you both.
