Afternoon	 <p>Stage 3 Connects on ZOOM at 2pm use the link above to connect.</p>	<p>OPTIONAL - Health There are many factors that influence our choices of food. Factors such as price, preparation time, convenience, friends, parents, allergies, advertising. Think about what you eat, and how do you think these factors influence your food choices? E.g., You don't eat meat due to religious beliefs etc. Are these factors something that you could change? E.g., No I cannot change my food choices influenced by allergies because it will make me sick or Yes, I can change the preparation time factor by researching recipes or helping my parents find meals that are less time consuming to make.</p>

FRIDAY 15th October 2021
